LIVING IN LOCKDOWN

We wanted to take a moment to thank the Sunnyside team of staff and learners who have really pulled together over the past year make it through lockdown. We know it's been such a difficult year for our learners with all the restrictions that had to be put in place, but they have done so well at staying positive and we are beginning to see light at the end of the tunnel.

A special thanks to the team members who locked down at Sunnyside and moved in for months on end and put their personal lives on hold so they could keep everyone safe during this really difficult time. Your kindness and love shown during this pandemic really makes us proud to have you as part of our team.

The whole staff team have begun to return to work following the yearlong Lockdown. This has been greatly welcomed by the service users and they were over the moon to start getting some normality back, service users are looking forward to getting their second vaccine soon which will hopefully allow them more freedom to visit family and friends.
